

How To Get a ROPS & Seat Belt On Your Tractor

ROPS stands for Rollover Protective Structure. It is a proven fact that during tractor rollovers, ROPS and seat belts save lives. Most tractors manufactured after the late 60s can be fitted with a ROPS for about \$500 to \$700, plus installation and shipping charges. The businesses listed want to help you protect yourself and your family from rollover injuries.

To get a ROPS & seat belt on your tractor just follow these six easy steps!

1. Write down the make, model, and year of your tractor.

Make _____
(company that manufactured)

Model _____
(model name or no.)

Year _____
(year manufactured)

2. Find your tractor on the following list.

Belarus

Stephen's Machinery Sales
RR 165, Box 187
Ewing, Kentucky 41039
Phone: 606-267-3081 • 1-800-540-9936

Case IH

Fleming Tractor Equipment, Inc.
PO Box 425, Cherry Grove Rd.
Flemingsburg, Kentucky 41041
Phone: 606-849-2336

John Deere

Route 1, Box 339
Flemingsburg, Kentucky 41041
Phone: 606-845-4961

**New Holland
Ford**

Rose Farm Supply
Route 1, Box 325, Hwy. 32E
Flemingsburg, Kentucky 41041
Phone: 606-845-2011

**ROPS Any
Model**

Corbin Equipment Sales
Route 1, KY 11 South
Flemingsburg, Kentucky 41041
Phone: 606-845-3055

3. Then call the dealer listed for that model.

4. When you call, ask the following question about the type of ROPS and costs.

What kind of ROPS do I want or need?
 Standard (rigid) **or**
 Fold down

- Cost of *standard* ROPS?
 ROPS cost = \$ _____
 Shipping costs = \$ _____
 Installation costs = \$ _____
 Total costs = \$ _____

- Cost of fold down ROPS?
 ROPS cost = \$ _____
 Shipping costs = \$ _____
 Installation costs = \$ _____
 Total costs = \$ _____

5. Ask the dealer about payment options.

Up front payment required?
 Yes No

Dealer financing available?
 Yes No

If "Yes," interest rate? _____

Installment options? _____
