

Mr. Good Egg Farmer Files

The parts of the Mr. Good Egg Farmer files are in MicrosoftWord 98 or PowerPoint. Many of the graphics were prepared in MacDraft 4.1. The graphs were prepared in Cricket Graph. In all cases these files were imported into the Microsoft Word or PowerPoint files.

Editing most of the graphics in the MGE files requires working with the original MacDraft files.

All the graphic files are included on this disk in the MGE folder. A data file is also included.
