

## Play It Safe: Test 1 Key<sup>1</sup>

---

### University of Vermont Extension System Farm Safety Program

**Teachers:** Please administer pre-test before the school program and the post-test within one week of the program. Correct and share with children. Please return all tests with class grade average for both pre and post-tests. We will use responses and score changes to help evaluate the program and improve delivery. Thank you.

Send materials to: UVM Extension System, Farm Safety Program, RR 1 BOX 2280, Morrisville VT 05661.

1. *How many passengers, or extra riders should be allowed on a tractor or riding lawn mower?* **Answer:** None.
2. *What age person is most likely to get seriously injured on a farm?* **Answer:** Children from 5 to 14 years old.
3. *Where and how should cleaners and chemicals be stored?* **Answer:** They should be in their original container and locked up - out of the reach of children.
4. *What piece of farm machinery is most often involved in accidents and injuries?* **Answer:** Tractor.
5. *What rule should we follow when using tractors, ATV's, or riding lawn mowers?* **Answer:** One seat, one rider.
6. *Why should we wear safety helmets and other protective gear when riding ATV's, bicycles, or snowmobiles?* **Answer:** To prevent serious injuries, maybe to save your life
7. *What is a PTO and why is it dangerous?* **Answer:** Power take-off shaft on back of tractor that drives equipment (like baler). It turns very fast and can tear clothes or limbs off.
8. *What can happen to you over a period of time if you work or play around loud equipment, like chainsaws, wood splitters, lawn mowers, or tractors without protective equipment?* **Answer:** Loud noises, without hearing protection can cause hearing loss.
9. *Why should we ask permission before crossing a fence into a field?* **Answer:** The fence may be electrified; it may be made of barbed wire which can cut you; there may be a bull or protective livestock out of sight; and it is just using good manners.
10. *Who is responsible for farm and home safety?* **Answer:** Everyone
