

Play It Safe: Post-Test #2 Key¹

University of Vermont Extension System Farm Safety Program

Teachers: Please administer pre-test before the school program and the post-test within one week of the program. Correct and share with children. Please return all tests with class grade average for both pre and post-tests. We will use responses and score changes to help evaluate the program and improve delivery. Thank you.

Send materials to: UVM Extension System, Farm Safety Program, RR 1 BOX 2280, Morrisville VT 05661.
