Dear Child Safety Advocate:

This "Horses & Children" provider packet contains materials that may be relevant to your injury control or health promotion efforts related to children and equestrian injuries. Components are intended to provide professionals with relevant injury facts, suggestions for preventive actions, and an equestrian safety resource booklet. Items included were developed with funding from the Maternal and Child Health Bureau.

Upon reviewing the contents of the packet, please feel free to contact us with any feedback. Your comments will help us to continue to meet your childhood injury prevention needs.

Additional copies of this packet can be obtained from the address above. Contact the Children's Safety Network if you would like to discuss any of the above in more detail.

Sincerely,

Barbara Lee, PhD, RN
Director
